General

This booklet is a guide to the pension scheme and is not a legal interpretation of its provisions. For full and conclusive information, recourse must be had to the relevant regulations contained in the Statutory Instruments. The scheme is a funded scheme and the benefits provided for in the rules of the scheme are funded. It is a defined benefit scheme and has been approved for tax purposes under Chapter II of Part 1 of the Finance Act 1972.

For all purposes of the scheme, employment of any person by Irish Rail, Dublin Bus or Bus Éireann, shall be treated as employment by CIÉ. The registered address for each of these employers is shown in appendix 3.

If you have any further enquiries in relation to the scheme, you should address them to Pensions Administration Manager, CIÉ, Heuston Station, Dublin 8. If you have any enquiries in relation to your entitlements, you should contact your Human Resources office.

Benefits payable under this Scheme are strictly personal and cannot be assigned, charged or alienated in any way to a person other than the beneficiaries under the Scheme, with the exception of the application of a court order (see Family Law section).

Registration of the Scheme

The Scheme has been registered with the Pensions Authority. The registration number is P.B. 43658. Further information if required may be obtained from the Pensions Authority, Verschoyle House, 28/30 Lower Mount Street, Dublin 2.

Who May Amend the Scheme?

The Minister for Transport with the agreement of the Minister for Public Expenditure and Reform, in accordance with Section 44 (5) of the Transport Act, 1950. The Board submits amendments to the Minister for consideration, following agreement between the Company and the Trade Union Group.

Additional Voluntary Contributions (A.V.C's)

A.V.C's are not part of the Scheme Fund. Irish Life Trustees Services Ltd, operate a specific A.V.C. Scheme for staff in C.I.E. and its Operating Companies.

Contributions are deducted via payroll and remitted to Irish Life Trustee Services Ltd. in the normal way.

Arrangements for the payment of benefits under the A.V.C's are entirely a matter for the A.V.C. Provider, i.e. Irish Life Trustee Services Ltd.

Promotion

A member promoted to a grade which is not classified as a "Regular Wages" grade e.g. supervisory, shall remain a member of this Scheme.

Board of Trustees

The Board of Trustees consist of four persons appointed by the Board of CIÉ and four persons elected from among the active members of the Scheme.

Administration Costs

Costs associated with the administration of the Scheme are borne by the Scheme Fund.

Dispute Procedures

Formal dispute procedures were introduced on 1st June, 2004, in order to satisfy the requirements of the Pension Ombudsman's Regulations as contained in S.I. No. 397 of 2003. S.I. 263 of 2004 was signed by the Minister for Transport on the 1st June 2004, giving legislative effect to the changes necessary to allow for the establishment of formal dispute resolution procedures.

Duty to give information

Where a former member is entitled to receive a reduced pension on grounds of ill-health the Board of Trustees may at any time while such former member is under their normal age of retirement require the pensioner to give such evidence as they shall deem satisfactory of the pensioner's continued ill-health, ability or inability to earn an income and of the amount of any income. If the pensioner shall fail to give such evidence the Board of Trustees at their discretion, may suspend, vary or revoke the reduced pension to which the pensioner is entitled and they may subsequently, again at their discretion, if they deem fit, taking all the circumstances into consideration, restore the reduced pension in whole or in part.

A member of this Scheme shall give to the Board of Trustees such information as is necessary for the proper operation of this Scheme in relation to the member.

The personal representative of a deceased member shall give to the Board of Trustees such information as is necessary for the proper operation of this Scheme in relation to any payments due on the death of the member.

Statutory Instruments

The Scheme is a Statutory Scheme and was established under the Transport Act 1944. It is subject to Statutory Amendment and is contained in Statutory Instrument (S.I.) No 343 of 2022 which is available on request.

The above S.I. represents a consolidation of all previous Statutory Instruments. A full listing of such S.I.s is available on request.

Employer contribution

Every year the Board contributes to the fund, after consulting the Scheme Actuary, an amount necessary to support and maintain the solvency of the fund but may vary the contributions payable by the members in particular if the Boards contributions exceed 2.7 times the members contributions, the contributions payable by the Board and the members shall be reviewed.

Membership

Membership of the scheme is compulsory upon full-time appointment to the Regular Wages Staff, however a person cannot become a member if they are older than age 51, or are under age 20 (such staff will enter the scheme from their 20th birthday).

Contributions

The weekly contribution to the Scheme depends on the member's basic weekly rate of pay, as set out in the table appendix 1 of this booklet.

In general, the basic weekly rate applicable is the 39 hour rate for all staff, with the exception of those employed by Dublin Bus, in which case the 39 hour rate plus shift allowance is used. The relevant rate is referred to as pensionable pay.

Normal Age of Retirement

The normal age of retirement varies depending on the date a member joined the Scheme, in accordance with the below table:

Date of joining Scheme	Normal Age of retirement
On or after 1 January 2013 and before the 18 July 2022	State Pension Age
On or after 1 April 2004 and before 1 January 2013	Age 66
On or after 6 April 1995 and before 1 April 2004	The earlier of age 66 and 40 years' Company Service*
Before 6 April 1995	The earlier of age 65 and 40 years' Company Service*

* Company service refers to continuous adult service maximally from age 20, and includes any periods of non-membership (left service), but on rejoining (reappointed) paid contributions to reckon (restored service).

Retirement Annuity (ongoing weekly pension)

On or after normal retirement age

On retirement from normal retirement age, a member is entitled to the immediate payment of their pension. The amount of the pension depends on the member's basic weekly rate of pay at retirement, as set out in the table appendix 1 of this booklet. In general, the basic weekly rate applicable is the 39 hour rate for all staff, with the exception of those retiring from Bus Átha Cliath, in which case the 39 hour rate plus shift allowance is used.

Ill-health retirement

A member having not less than 10 years service whose employment is terminated by the Board on grounds of ill-health and not resulting in the opinion of the Board from the member's own misconduct will receive a reduced pension based on the pension available at normal retirement age, reduced by the ratio of actual service to possible service to normal retirement age.

Voluntary Severance

A member whose services are dispensed with because of redundancy and who has not less than 10 years service and is at least age 55, may if the Board agrees, be granted a pension calculated on the same basis as an ill-health reduced pension.

A member whose services are dispensed with because of redundancy and who has not less than 10 years service and is between the ages of 50 and 55, may if the Board agrees, be granted a deferred pension payable at age 55. This pension is calculated on the same basis as an ill-health reduced pension.

(The extension of the above arrangement is reviewed periodically. At the last review the arrangements were extended up to and including the 17th January 2026.)

Early Retirement Pension

A member having not less than 40 years service who opts to leave the service of the Board prior to normal retirement age without being entitled to a reduced pension (ill-health) or to receive pension benefits with some other retirement benefit arrangement in respect of such service with the Board may be granted an early retirement pension calculated on the same basis as an ill-health reduced pension.

Review of Pensions

Prior to the 1st July each year, the Board, in consultation with the Actuary, will review the pensions in payment. Following its review, the Board will advise the Board of Trustees of the amount of any increase, which is to be made to each pension in payment. Unless the Board of Trustees, having consulted the Actuary, decide that the increase should not be paid or should be reduced, the increase as advised by the Board will be paid from the next 1st of July.

Capital Sum

When a member retires or leaves the service and becomes entitled to the payment of a pension under any of the above provisions, in addition they shall be entitled to a capital sum (lump sum). Such capital sum is a multiple of the pension due (prior to any commutation, see below), with the multiplier being based on number of years of Scheme membership, in accordance with appendix 2.

Commutation

At the time of retirement, a member may opt to commute up to one quarter of the weekly pension for an additional lump sum. The current rate of commutation is €624 for each €1 weekly pension commuted.

Vested Benefits

Where a member leaves service, having completed at least 2 years qualifying service, and does not qualify for a pension under any of the previously outlined provisions of the Scheme, they qualify for a vested benefit, payable at normal retirement age, calculated in accordance with the Pensions Act.

Such vested benefits are revalued each year until they come into payment, in line with the Occupational Pension Schemes (Revaluation) Regulations. There is no option to commute any portion of the pension when it becomes payable.

Alternatively, a member may opt to transfer the benefits to another approved retirement/pension arrangement. In such a case the Scheme Actuary will place a current value on the benefits called a "Transfer value" – this is the amount which would be transferred to the new arrangement. Following the transfer, the member will have no further entitlement under this scheme.

Refund

If a member has less than 2 years of Scheme membership on exit, they shall be paid a refund of their contributions, without interest, subject to a deduction for income tax at the appropriate rate.

Death Benefits

Death in Service

A lump sum is payable to the personal representative of the deceased member, based on 3/80ths of 52 times the basic weekly wage which the member was in receipt of at the date of death or immediately prior to commencement of sickness benefit for each year of membership (maximum 120/80ths). The minimum payment is 52 times the member's basic weekly wage at date of death or immediately prior to the commencement of sickness benefit as the case may be.

Death on Pension

In the case of a pensioner who dies within 5 years from the date of retirement, a lump sum equal to the appropriate Weekly Pension multiplied by 260 less the total pension payments already made will be paid to their personal representative.

In the case of a person on reduced or in receipt of a pension in accordance with the Vested Benefit arrangements or where a portion of the pension has been commuted an appropriate reduced lump sum will be paid.

Death with retained Vested Benefits (not yet in payment)

For a member who maintains a vested benefit, who dies prior to the date such benefits are due to come into payment, an amount equal to the value of the vested benefit at the date of death shall be paid to the personal representative.

Family Law

In the event of judicial separation or divorce, a Court application for a Pension Adjustment Order in respect of the retirement or contingent benefits payable to or in respect of a married member may be made.

Further information about the operation and impact of Pension Adjustment Orders may be obtained from the Pensions Authority.
